IMPACT ACCELERATOR

IMPACT ACCELERATOR

Active Performance Measurement - Make Data Work For You

Our 12-18 month Impact Accelerator program is designed to help you empower your team with the right metrics and systematic processes essential to consistently strengthen and replicate your programs in ways compliance-focused evaluations never will.

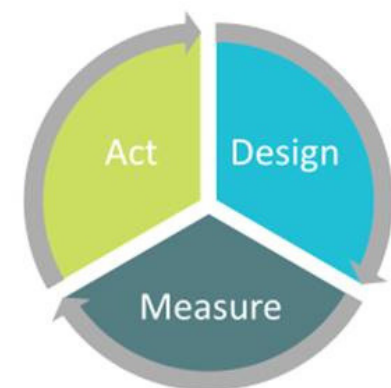

You'll receive 1-on-1 support throughout the Accelerator, as well as access to our tools and resources and our network of experts to support your development.

Who It's For

- Organizations with 8-30 employees with some data practice in place
- Teams with 3-4 key employees who can be dedicated to this process for its entirety
- Leaders interested in building learning-based cultures and staff ready to make data work

Questions You Will Answer

- What is the impact we want to achieve, and how will we get there?
- Can we remove the disconnect between our data collection practices and what we truly need to understand to drive program quality?
- What should we measure and how?
- Where can we incorporate our participants' perspective in our program design?
- How can we help our staff be excited about data, and ensure that it's actually used?

IMPACT ACCELERATOR PROCESS

We customize each engagement to your organization's needs, deepening the work where needed, and capitalizing on tools, processes, and practices that are working, while modifying those that are not.

What You'll Do:

Facilitated working sessions, interactive webinars, bi-weekly check-ins, monthly 1-1 coaching, access to your coach as needed

DESIGN PHASE

What You'll Get:

- Impact Readiness Assessment
- Impact Strategy
- Program Model
- Program Implementation plans

MEASURE PHASE

What You'll Get:

- Measurement Strategy
- Learning Agenda
- Data Audit
- Data Collection Tools

ACT PHASE

What You'll Get:

- Data Dashboards (front line staff, management, Board)
- Analytic Guide
- Data Action Plans
- Data Action Coaching

THE RESULT:

Repeatable Tools and Processes, Learning and Impact!

DON'T JUST DEMONSTRATE YOUR IMPACT: MAXIMIZE IT
